### TERMS OF SALE

1. Every item is guaranteed to be as represented, and to give satisfaction, as in all past Bolender sales.
2. All bids are by mail, in fairness to all those who could not attend personally.
3. There are positively no reserves on any item by anyone, and every lot will be sold to the highest bidder, at so much for the lot. All bids will be executed below your bids where other offers permit, in good faith. Where two or more bids are exactly the same on any lot, or tied, the lot goes to the first bidder at exactly his bid.
4. No unlimited bids will be accepted. Mark your highest limit on the bid sheet (on back page of catalogue) and if you need more space for bids, use any ordinary sheet of paper. We will buy as much under your bids as other actual offers permit.
5. New bidders or customers sending bids for the first time at these sales must positively give first class references, or else send a deposit of at least 25 per cent of the total amount of bids. References acceptable would be the name of some other dealer from whom you have had coins on open account, or name of some collector known us, or else name of your bank. To those known to us who have established credit, purchases will be sent out promptly after the sale. In appreciation of this courtesy, the purchaser will remit promptly. Postage and registration or insurance is paid by the purchaser.
6. California buyers will be charged 4 per cent state sales tax.
7. The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.
8. A list of all prices realized at this sale will be supplied for one dollar, if ordered before the sale date.
9. Please send your bids now as there is little time left before the sale.

#### UNITED STATES PATTERN COINS FOR SILVER DOLLARS AND TRIAL & EXPERIMENTAL PIECES

115. **1851 Trial piece for silver dollar, struck in copper,** from regular dies. AW-144. Proof. Excessively rare, only 4 or 5 minted. Edgar H. Adams, author of the Adams-Woodin book on U.S. Pattern Coins, had his specimen priced at \$250 more than 30 years ago, when I purchased part of his collection, including his 1851 dollar in copper. This is not the same coin, and only the second I have handled, in over 50 years of dealing. More than 100 times as rare as the 1851 dollar in silver which sells for over \$500.
116. **1863 U.S. Silver Dollar, with motto IN GOD WE TRUST as adopted for regular coinage in 1866.** The first year of a U.S. coin, with the motto. Sometimes called a "transitional" coin. AW-367. Proof; very lightly scratched in right obverse field. Ex. rare, as only 7 or 8 were coined, and in strong demand. This exact coin was formerly in the Woodin collection, then in the King Farouk coll'n. A prominent California dealer lists one at \$750.
117. **1865 same as last, with motto IN GOD WE TRUST, and struck in copper!** The design not adopted for regular coinage until 1866. AW-491. "Transitional" piece, it is sometimes called. Magnificent proof. From the great Col. Green coll'n. Not over 15 pieces minted. \$150.
118. **1866 trial piece of dies for silver dollar, struck in copper!** With motto, as adopted in this year. From regular dies. Only 40 coined. Proof. \$140.

119. **1870 dollar struck in copper!** From regular dies used for the silver dollar coinage. Trial piece. AW-879. Extremely rare, not over 15 struck. Copper proof, with wire edge. A great show-piece, that few own. Worth \$175 or more.
120. **1872 Indian Princess Dollar in Silver.** The magnificent design by Longacre, Liberty in Indian head-dress seated **to left**, with pole, her left hand resting on globe inscribed LIBERTY. Reverse regular type. Plain edge. AW-1240. Silver proof, lovely bluish toning. **Only 7 pieces struck!** A great prize in any collection. Valued by owner at \$250.
121. **1872 U.S. Pattern Silver Trade Dollar.** Obverse: the beautiful Indian Princess design, by Longacre, as on preceding coin. Reverse: TRADE DOLLAR 420 GRAINS 900 FINE. in wreath, and UNITED STATES OF AMERICA around. AW-1244. Charming proof, toning a nice blue. **Only 5 pieces minted!** A wonderful coin to exhibit, something others cannot show. From the great King Farouk coll'n. Would be cheap at \$250.
122. **1873 U.S. Pattern Trade Dollar.** Obverse regular type, as adopted. Reverse: small eagle, with ribbon in beak. Olive branch at left, arrows at right, the opposite from regular type. Silver proof. AW-1308. **Only 50 coined!** Worth \$100 or more.
123. **1873 U.S. Pattern Trade Dollar. Trial piece struck in copper.** The Bailey design, Liberty seated to left, differing considerably from regular adopted type. Reverse: eagle perched on shield, facing right, with wings up-raised; motto below. AW-1314. Proof. Very rare, not more than 25 minted. Cost \$135.
124. **1875 U.S. Pattern COMMERCIAL DOLLAR. Trial piece in copper!** Liberty at seashore. Ship at sea. Motto on ribbon just above date. Reverse: COMMERCIAL DOLLAR etc. in wreath. AW-1421. Red proof. **Only 8 pieces minted!** A great prize in any collection, and a pride to own such a coin. Would be cheap at \$200.
125. **1876 U.S. Trade Dollar, struck in copper!** Same dies as used for the regular silver coinage. AW-1480. Magnificent red copper proof. Excessively rare, as **only 5 pieces were struck!** Cost \$190 but should bring more. Most difficult to duplicate to-day.
126. **1876 famous U.S. Pattern Silver Dollar,** minted in the Centennial Year, unknown to Adams & Woodin until 1910, when they had already formed their superb collections. Liberty head to left, sharp pointed beaded head-band inscribed LILBERTY, 13 stars at sides, motto above, date below. Reverse: ONE DOLLAR in wreath, UNITED STATES OF AMERICA above, and E PLURIBUS UNUM below. AW-1482. Only 2 pieces minted, this one was formerly in the Woodin and King Farouk collections. Cost King Farouk \$1350. Brilliant proof; has been cleaned, faint scratches visible under a magnifying glass. However, this is the better of the

2 pieces struck, as I once owned both pieces at the same time. One of our rarest and most beautiful coins, and the top prize of this great collection.

127. **1877 U.S. Pattern for Silver Dollar.** Trial piece in copper. Beautiful young Liberty head, with plain coronet, to left. Motto above, stars at sides, date below, LIBERTY on head band. Reverse: 1 DOLLAR in wreath. AW-1505. Copper proof. **Only 7 pieces minted!** From the King Farouk coll'n. Worth \$200, or more.

### BEAUTIFUL LOT OF MORGAN SILVER DOLLARS

The silver dollars of the United States, designed by Morgan, and coined from 1878 to 1921, constitute a series that has become one of the most popular to-day. In my 194th sale held last September, more bids were received and tendered on this series than any other. There are several excellent reasons for their popularity. Some collectors are getting tired of paying high prices in some other series. The Morgan dollars are the most reasonable in price of any series, and never will be cheaper. A number of them have started upward, and we are paying full standard catalogue price for some dates and mints and willing to buy 100 of a kind at that price. Dollars cost no more than small cents, and you have a larger and certainly more beautiful coin, better for shows and displays. Also in case of panic, or bad times, the face value of your collection is 100 times as much, a consideration that would be helpful should days of darkness come. It is good to assemble a collection in this series, while the choice quality coins in this collection are available. I certainly can not always offer such coins. My stock of Morgan dollars is now the lowest in 25 years, and purchases by me in the past year were the lowest in 10 years, because nothing nice enough had showed up except in small lots. We must also remember the Pittman Act of 1918, when almost a third of all Morgan dollars minted were all melted. Also consider the large quantities that have circulated in the old days, as well as in the thousands of casinos in Nevada to-day. Some day we will realize they are not so common, you may be sure.

### EARLY AMERICAN COLONIAL PAPER MONEY

The real "antique series" of American numismatics, this is an interesting and historical and fascinating series to collect, and the prices are most reasonable. A great collection was sold in my last six sales, and bidding was very active. In fact, all paper money is selling very well to-day, and all is on the way up. All colonial notes have autograph signatures, many of prominent men of the time. Collectors should realize that most notes before 1776 are seldom found in fine condition, and nearly all notes before 1770 usually are only poor or fair in condition. Most notes were redeemed, or reissued, and destroyed. Among the Massachusetts notes here offered, will be found many prizes, including rare early issues offered for the first time in these sales, and original notes engraved and printed by Paul Revere.

## COIN COLLECTORS' COLUMN OF COMMENTS

**Estimates in this catalogue,** or the valuations are given as a guide and are generally the Guide Book or catalogue prices of the 12th edition. As these prices were prepared a year ago, it follows that the new catalogue prices already prepared for the new 13th edition of the Guide Book to appear soon will, in many cases, be considerably higher. Therefore, it is to be expected, that many items in this sale will actually sell above my estimates given. Former customers at my sales know that I will do my level best for you with all bids, and buy under your bids wherever possible. Please make your bids higher where coins are already selling above catalogue prices. I wish to avoid making high and unreasonable estimates

**Rare coins and paper money for everybody** are to be sold in this sale. Not always do we have so wide a variety, that **we do expect a bid sheet** from nearly every person who receives a catalogue. Our mailing list has grown so large over the past half century (with over 20,000 names of collectors on our lists) that it becomes necessary to revise it, due to high costs of printing such a catalogue, and distributing it. Therefore, **IF YOU ARE NOT BIDDING AT THIS SALE, please drop a card or letter in the mail,** requesting that we continue your name on the mailing list. If we do not hear from you, or receive no bids from you, we will consider that you are no longer interested.

**Look at the index** in the back part of this catalogue, to find quickly the many interesting items. There are **beautiful coins and currency** in nearly all series, over 5000 pieces in all, with choice and rare items too numerous to mention any one. The J. Ambrose Long collection was nearly 50 years in its process of completion. Mr. Long lost his life in an auto accident 2 years ago. He was a prominent civic worker in his community, much beloved by all the people there who knew him, for he was indeed a righteous man. Mr. Long was one of my first customers when I was a very young dealer, and he always selected the finest coins. I sold him his 1885 proof nickel 5-cents for thirty cents. As all collectors should make plans for the disposal of their collections after death, Mr. Long left instructions with his widow, to turn over to me the entire collections. The remaining part will be sold in the next sale.

**Your bids are worth while** at these sales, which are very different from some sales where most items are sold on the floor to room bidders. Since less than 5% of the collectors and dealers are able to attend any public sale in person, I prefer to give every mail bidder equal and fair opportunity to acquire any items in these sales. In this sale, every item goes to mail bidders, and you are one of them. Thus, your chance of successful purchase is much greater than at most sales. Every item is sold without reserve, and to mail bidders only.

**Biggest bargain in the sale** will be the price list at only one dollar, if ordered in advance of the sale. You will get from it much interesting information and pleasure, and will profit from the up-to-date record of present-day values. After the sale date, the price is two dollars. Just mark your order in the place provided on the bid sheet. These are mailed first class about a week after the sale.

## A FEW OF THE COMMENTS FROM BUYERS AT MY RECENT SALES

"Thank you for your statement and check. I find all items and calculations of the statement in order, precisely. I am very pleased with the way you have handled this matter for me, and I shall miss the occasional contact with you through your catalogues, and the bids I have made from time to time. Please accept my compliments, and again my thanks, for the way you have handled the transactions we had over really quite a few years." —G.M.O., Geneva, Ill.

"I am enclosing check for the coins. They make a nice addition to my collection. I have been buying at your auctions for about 30 years. I would never be able to build the collection I now have at to-day's prices. I wish you many more years of auctions." —P.D., Rockford, Ill.

"It is indeed a pleasure to deal with one so cordial and efficient."

—H.A.B., Georgia

"All of this material was nice, I was well pleased with all the lots."

—J.W.G., Georgia

"Thank you for sending the currency which I received from your September sale. By the way, I find that this purchase completes 20 years of buying at your sales, all with full satisfaction. You are one of few dealers from whom I have purchased who does bill items at less than I bid, where possible. May your sales continue for many years." —M.M.H., Oklahoma

"I am again pleased with the coins. I am grateful with your honesty in buying below my bids where possible. That lets me bid up on any that I really desire. I note that 3 of the 5 lots were bought that way. I am fast being sold on the idea that your auction will be the place to dispose of my coins when I am ready to part with them. Hope that is some years hence for both of us." —E.E.T., California

"I am so pleased with the 1791 Washington cent, small eagle, many thanks." —M.S., Richmond, Va.

"I am always pleased with everything I buy from your sales. I hope you have another sale real soon." —G.W.U., Indiana

"I am well pleased with the coins that just came from your latest sale, as always. I notice that ten of the eleven lots were sent to me below my bids, for a total saving of \$35.50. I cannot find any other dealer in the U.S. as honest as you." —C.B.A., Detroit, Mich.

"Just wish to say that your lot of coins is one of the few parcels I have received in the past year where the coins were properly graded. In most cases I have been returning more coins than I keep." —T.T.M., Ohio.

"Many thanks for the nice coins and usual excellent service."

—H.W., W. Va.

"The Gothic crown proof received and truly is a beautiful coin. I can always depend on you to grade a coin just as I would. Thanks again."

—L.W.H., Greenwood, Ind.

"I began to buy coins from you in your 86th sale which was 26 years ago. Of all the material I have purchased from you in all these years I have yet to get a lot that was not as described by you in your catalogue."

—J.W.R., New York

"What a miserable job of bidding I did! I didn't realize the market was quite so bullish. Congratulations on the better bids." —G.I.P., Kansas

"I am so pleased with my coins. This is the first Bolender auction in which I bid, and let's hope it is just the first of many. You have certainly restored my faith in the coin business with your honest grading. Each and every coin I received was exactly as represented in the catalogue. It is a pleasure to enclose your check." —N.L., Alaska.

"All items were right up to expectations. Your sales are always filled with such interesting items, and I look forward to every one of them."

—F.W.G., Canada

"I was very pleased with the coins, and with the savings on my bids."

—G.H.B., Wisconsin

"The coins I received were just as you stated, or better, and I want to thank you very much." —A.H.A., California

"Thank you very much for the fine coins you have sent me the last two years. It has been a pleasure dealing with you." —S.S., California

"I find it most satisfying to know an old time dealer, with whom fairness and integrity are the watchwords, and I know I can always trust you."

—R.G.C., Maryland

And again from the widow of J. Ambrose Long, who was killed in an auto accident two years ago, and whose collection I have been selling in the past few sales, Mrs. Long again writes: "You have been so wonderful to me, honest and fair in your transactions, and I appreciate it more than you will ever know." —Mrs. J. A. Long, Polo, Ill.

## THANK YOU!

## THANK YOU!

Life is an uncertain thing! Death is sure to come! Often it comes quickly, or unexpected as with Mr. Long. Collectors should prepare a brief statement with their will, directing the heirs to ship promptly, their collections to their favorite dealer, upon their death. Such planning shows forethought and love for the dear ones left, and makes it easy and simple for them, to help settle the estate. And so I urge upon you all, young and old, as a matter of good business, to attend to this matter to-day. To-morrow may be too late! Your loved ones will be forever grateful to you, for your thoughtful estate planning.
